dogs love them!

Yummeez dog snacks are soft little bone-shaped treats. They are great for training purposes to reward your dog. These little bone shaped goodies have been specially developed with the help of dog schools and trainers. Made with a high proportion of meat they are easy-to-digest and therefore great as a quick treat while training. Yummeez are grain-free so they are also suitable for dogs with allergies. These great tasting treats with lots of fresh meat and valuable nutrients from potatoes tapioca and alfalfa. The little Yummeez bone-shaped chews are only 2 cm long so they can be given whole or as a small pieces. The semi-moist consistency makes it ease to break them into smaller pieces. The size also means that your dog is distracted by chewing and so training can quickly get going again. Available in various flavours.

Suitable for the treatment of skin lesions, scars and wounds, different dermatological problems such as summer egzema, lichen, odor reduction. Very good results in treatment of granulomatous wounds and egzema caused by bacteria (for egz Staphaureus)

Hot Spot & Itch Relief for dogs & cats
Spray 237ml, Conditioner 473ml, Shampoo 473ml

Provides medicated analgesic and anti-inflammatory rapid relief of inflammation, pruritis (itchy skin) and associated conditions. Pet parents must pay close attention to environmental, dietary and situational ailments irritating your pet's skin such as: allergies, fleas, tick bites, matted/thick/dirty coats, sun burn, wet dogs, or anal sac disease. These ailments can cause you pet to chew, lick, bite, and scratch those areas - at times - to no avail, which can become very painful and dangerous for your pet. Sometimes chewing can even be prompted by boredom. Hot spots and inflammation can occur quite rapidly after a pet starts itching, biting and licking these affected areas - which will prompt the development of painful, red, and moist irritated lesions. These lesions are called hot spots, also known as acute moist dermatitis, and must be treated immediately.

Lidocaine: Relieves itching, burning and pain from skin inflammations.

Hydrocortisone: Reduces the cause of inflammation, redness and swelling.

Colloidal Oatmeal: Mild, natural moisturizer to treat or prevent dry, itchy, scaly, rough skin and minor skin irritations. Softens and moisturizes skin while decreasing itching and flaking.

Acetic Acid: An Alpha-Hydroxy acid, naturally exfoliates, buffers and conditions skin.

Paraben-Free: Parabens have been found to mimic estrogen in the body and when levels are disrupted, a link has developed with breast cancer & reproductive issues. All our formulas are Paraben-Free, to promote the safety, well-being and health of your pet.

Antiseptic Antifungal for dogs & cats
Spray 237ml, Shampoo 473ml

Medicated treatment for dogs & cats which deodorizes and helps relieve fungal and bacterial skin infections.

Glycerin: Glycerin is a compound that can be made from natural products such as vegetable oil, or can be synthesized from propylene alcohol. Glycerin, also called glycerol, can be used for both cosmetic purposes and as a treatment for medical conditions of the skin. Glycerin helps retain moisture in the skin and it plays an important role in cell maturation.

Aloe Vera: Provides soothing relief for inflammation, sores, dandruff, wound healing, scaly, dry & itchy skin, sunburn, and other related issues. It can be used as an insect repellent and as an antiseptic. May also help with psoriasis.

Benzethonium Chloride: This synthetic compound has an anti-infective, antiseptic and surfactant (detergent) properties. This ingredient is active against bacteria, fungi, mold, and viruses and is found in many cosmetic products such as first-aid kits, anti-itch products, mouthwashes and disinfectants.

Ketoconazole: Ketoconazole is a synthetic antifungal drug used in many topical medications to treat fungal and yeast infections, as well as dandruff and seborrheic dermatitis. It's effective against athlete's foot, ringworm, candidiasis, jock itch, and tinea versicolor. It can be taken orally or applied topically.

Soap-Free: Only the gentlest, naturally derived cleansers are used in our formulas. Contains no harsh soaps or damaging detergents.

Flea & Tick for dogs
Spray 237ml, Shampoo 473ml

Provides dogs with up to 14 weeks of protection against fleas and ticks - the longest lasting results available on the market today. Also prevents re-infestation and the development of flea larvae and eggs.

Pyrethrum: Pyrethrum is the natural insecticide and pest repellent made from chrysanthemum's - using the dried flower heads which are poisonous, pyrethrum exposure may cause pruritis (itching), red skin, sneezing and other dermatological issues if there is a reaction.

Paraben-Free: Parabens have been found to mimic estrogen in the body and when levels are disrupted, a link has developed with breast cancer & reproductive issues. All our formulas are Paraben-Free, to promote the safety, well-being and health of your pet.

Kills Fleas & Ticks on Contact: Formulated with pyrethrum for maximum control of fleas.

Dye-Free

Easy to use spray can be used on dogs over 6 months
Kills fleas and ticks on contact, a great way to treat affected areas

Antiparasitic & Antiseborrheic for dogs
Shampoo 473ml

Effectively treats and relieves skin scaling caused by seborrhea and helps to relieve mange & other parasitic infections. Medicated formula is also effective against fungal & bacterial skin infections.

Coal Tar: Coal tar is keratopathic (sheds dead skin cells from the top layer to allow growth of new skin cells) and is used to help alleviate dermatological issues such as itching, flaking, and scaling due to seborrheic dermatitis or psoriasis.

Micronized Sulfur: Sulfur has a variety of beneficial properties for optimizing health. It's well-known for providing joint health benefits, has been shown to aid in reducing chronic inflammation, has detoxifying properties, and can help with oxidation damage. Sulfur has also been used for years as a fungicide and pesticide. For pets, it's used to help destroy ringworm, seborrhea, mange, and other dermatoses and parasites.

Salicylic Acid: Salicylic acid is best known as an active ingredient used in many OTC human acne products. It's also known for relieving aches and pains with its anti-inflammatory properties, as well as reducing fevers. And, salicylic acid is used widely for skin-care products to treat seborrheic dermatitis, acne, psoriasis, dandruff, and even warts. It works to help shed the cells of the epidermis, allowing clogged pores to open, neutralize bacteria, and then prevents pores from re-clogging by constricting them and allowing for new cell growth.

Ear Therapy for dogs & cats
Liquid 118ml

In-between visits Veterinary Formula Clinical Care™ Ear Therapy provides gentle relief for fungal, yeast and bacterial infections, while cleaning, disinfecting and deodorizing the ear canal.

Its medicated anti-fungal and anti-bacterial properties effectively reduces foul odors, redness and swelling, while also providing daily care maintenance for a healthy pet. Veterinary Formula Clinical Care™ Ear Therapy is also alcohol-free, so pet parents' can clean and dry the canal without irritating pets' delicate ears as frequently as needed. Medicated with Ketoconazole, Lactic Acid, Benzoic Acid, and Salicylic Acid. Safe for cats, too.

Puppy

Contains no harsh detergents or irritants to protect your puppy's sensitive skin, and has the added benefit of being hypoallergenic & tearless. Groomer's Salon Select™ Puppy Shampoo keeps the coat soft and conditioned while leaving a fresh, clean baby powder fragrance.

White Coat

Gentle, yet effective formula contains no bleach or peroxide - so it's gentle for pet's sensitive skin. This professional grooming formula safely removes yellow from white coats, brightens white coats, and removes stains with repeated use. Gentle, naturally derived cleansers leave coat and skin clean and healthy, while eliminating dingy, dirty stains and odors. Advanced formula uses patented optical

Deodorizing

Specially formulated to effectively remove & control odors with only one wash. Natural rosemary extract, baking soda and aloe vera soothes skin and leave coat clean, shiny, and healthy. Thick, luxurious formula produces significant lather to clean and deodorize pet's haircoat.

Herbal

Effectively reduces bacteria and fungus that cause odor, itching, dermatitis, and Eczema with 7 natural herbal extracts & essential oils: Cedarwood Oil, Yarrow, Eucalyptus Oil, Clove Oil, Echinacea Extract, Aloe Vera Gel, and Chamomile Extract. Only the gentlest, naturally derived cleansers are used in our formulas. Contains no harsh soaps or damaging detergents.

Flea

Kills fleas on contact and leaves your pet smelling fresh and clean. It gently cleanses and exfoliates skin and coat. It leaves the coat soft and lustrous. For use only on dogs. Gently cleanses & exfoliates skin & coat. Leaves the coat soft & shining. Also helps soothe irritated skin due to flea bites, kills fleas on contact and leaves your pet smelling fresh and clean. It gently

Oatmeal

Shampoo was specially formulated to provide natural relief for skin irritations, with natural colloidal oatmeal. Proven to heal skin irritations faster, relieves itching of dry irritated skin, soothes and calms skin, and provides natural moisturizing. Saponins in oatmeal help to solubilize dirt, oil and sebaceous secretions. Provides skin relief and protection for insect bites and rashes caused by poison ivy and similar.

Oatmeal

Conditioner was specially formulated to provide natural relief for skin irritations, while deeply conditioning hair and coat. Proven to heal skin irritations faster. Relieves itching of dry, irritated skin. Soothes and calms skin and provides natural moisturizing. Colloidal Oatmeal: Soothes and protects dry, or itchy, inflamed skin. Leaves a protective film on the skin. Helps to repair.

Coal Tar

Scientifically formulated to relieve bacterial, fungus, and parasitic skin infections. Eliminates flaking, dandruff, and scales associated with Seborrhea. Coal Tar is keratoplastic (sheds dead skin cells from the top layer to allow growth of new skin cells) and issues to help alleviate dermatological issues such as itching, flaking, and scaling due to seborrheic dermatitis or psoriasis.

Richard's Organics Moisturizing Shampoo
Gently soothes and protects dry, or itchy, inflamed skin. Leaves a protective film on the skin that retards water loss and helps to repair and maintain the epidermal barrier. One of our most popular shampoos. Even a favorite amongst humans!
Shampoo 354ml]

Richard's Organics Szampon Deodorizing Shampoo
Formulated to remove and control odors, naturally and effectively. Natural extracts and oils soothe skin and leave coat clean, shiny and healthy. Contains baking soda, zinc, rosemary extract & lavender oil for added deodorizing and moisturizing complex.
